

Loglift Jonsered

X 43

X 53

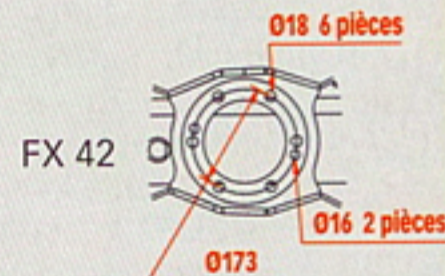

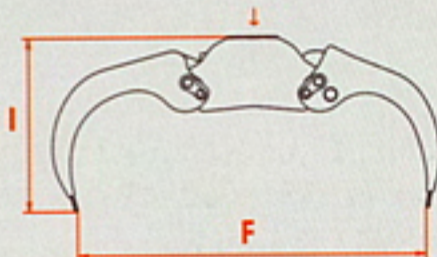

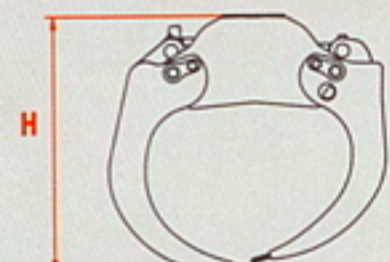

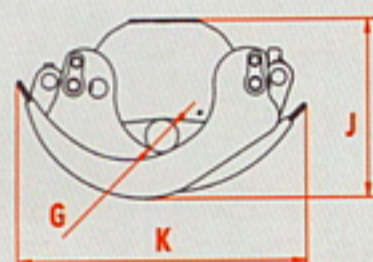

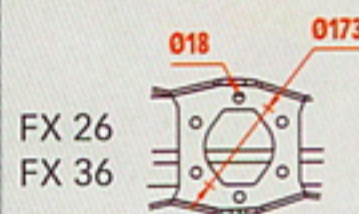

Le X 43 et le X 53 conviennent idéalement pour le chargement du bois de papeterie et des billons sur les grues mobiles mi-lourdes.

Loglift Jonsered

FX 26

FX 36

FX 42

La série FX est prévue pour l'utilisation sur machines forestières. Le FX 26 et le FX 36 conviennent aux grues forestières et aux grues de camion légères. Le FX 42 se monte sur les grues d'engin forestier et de débardage lourdes.
